

CRYSTAL COTE

FLOOR FINISH

CONTRACT CLEANERS SUPPLY: PRIVATE LABEL

Dries to such a high gloss and spreads so evenly that floors always look wet. When applying successive coats of floor finish the second coat re-emulsifies and wipes off some of the first coat, therefore, only one coat of this unusually high solids finish leaves a protective film of similar thickness to two or three coats of conventional finish. Then, because our double solids finish is pure acrylic copolymer, one coat will outlast multiple coats of other finishes. This finish is ideal for the maintenance of light colored floors in heavy traffic areas.

Clean for Health.

Floor should be cleaned of surface dirt and rinsed before application. Allow the floor to dry. Then, with a mop or applicator, apply in a thin, even coat. A single coat is generally all that is necessary. Buffing at this point is not needed or desirable. Future Maintenance: Most dirt and marks remain on the surface and can be easily removed with a treated dust mop or damp mop. Scuff marks and ground-in soil can be removed by buffing with fine steel wool or a synthetic polishing pad.

FOR USE ON:

Resilient tile floors		

Reducing the spread of illness is as simple as reducing the number of germs. The surest way to do that is by keeping surfaces — clean.

TECHNICAL DATA:

Appearance:	Milky liquid	Density:	851 ± 0.05 lb/gal	Type:	Acrylic copolymer
Odor:	Characteristic	Boiling Point:	Near 212°F	pH:	8.5 ± 0.05
Specific Gravity:	1.020 ± 0.005				

CLEAN FOR HEALTH.

We help customers create clean, healthy, safe and attractive environments with products that conserve resources and protect the environment.

We help customers protect people in their care improve indoor air quality & reduce VOCs, and as a result, you will help prevent growing incidences of asthma, allergic reactions and chemical sensitivities.

We can help customers increase operator and employee productivity. Thorough and effective cleaning reduces bacteria, viruses and other causes of illness, ultimately reducing absenteeism.

We can help you create a competitive advantage. If you are a building service contractor, differentiate yourself from the competition by offering complete cleaning programs and educating customers on the benefits of cleaning for health. If you are a facility owner, potential tenants will respond to the investment you've made in their health and safety by providing a safer cleaning environment.
