CLEAN FOR HEALTH.

We help customers create clean, healthy, safe and attractive environments with products that conserve resources and protect the environment.

We help customers protect people in their care, improve indoor air quality & reduce VOCs, and as a result, you will help prevent growing incidences of asthma, allergic reactions and chemical sensitivities.

We can help customers increase operator and employee productivity. Thorough and effective cleaning reduces bacteria, viruses and other causes of illness, ultimately reducing absenteeism.

We can help you create a competitive advantage. If you are a building service contractor, differentiate yourself from the competition by offering complete cleaning programs and educating customers on the benefits of cleaning for health. If you are a facility owner, potential tenants will respond to the investment you've made in their health and safety by providing a safer cleaning environment.
